

**Installs on Jail**  
**TOLEDO (U.P.)**—Police finally jailed a man who claimed to have driven an automobile while intoxicated, but not until his insistence had overcome their remonstrances that he had no witnesses.

**Australian Apples To England**  
**SYDNEY (U.P.)**—In a single recent month 1,000,000 cases of Australian apples were supplied to England.

**SKEET SHOOTER**  
 Walter Forrest, Hawthorne market man, tied for fourth place in the national skeet championship at St. Louis last week, and in the shoot-off won the place by two points.

**Desert Area Rain-Swept**  
**TOOELE, Utah (U. P.)**—The little village of Ibapah, situated in the middle of the arid western Utah desert, has been swept by recent rains.

### Scrimmage Game Against Jordan Here Tomorrow

**Torrance Tartars Start the 1936 Season With Practice Tilt**

With a few weeks of preliminary work behind them the Torrance Tartars will start the season tomorrow with a practice scrimmage against Jordan high. Torrance followers of the team will have a chance to look over the squad as this game will be played at Woods Field.

No scores will be kept and the coaches will be on the field to instruct their men and correct defects in play.

Another practice game will be played on Oct. 2 against Banning at Wilmington. The Tartars will open the regular Marine League season on Oct. 9, the day that Mrs. O'Leary's cow kicked over the lamp that started the fire that burned the city of Chicago.

They meet Leuzinger at Leuzinger on that day and hope to start a little fire of their own that will burn their way to the league championship again this year.

Only two home games will be played, one of them the traditional civil war between the Tartars and the Narbonne Gauchos which will be played at Torrance. Already the Tartars are prepping for their old-time feud game, and will turn all their energies to knocking off the boys from down south as this is the one game of the league schedule that means most to win.

Coach Donahue has his charges pretty well whipped into shape for the early season, but the team will be handicapped in the loss of its star ends of last season, Luck and McFadden. In other departments the team shows much of its old-time form, and it may be that the season will develop a couple of boys who can pretty well fill the shoes of the speedy end men of 1935.

With a new team in the league the fans will be waiting to see what the Mariners can do against San Pedro, reputed to be tough customers in any league. Torrance will go to the port city on Oct. 16 to try their luck against this outfit.

#### Olympic Committee Shows True Colors!!!

Torrance is justly proud of their Louis Zamperini, not because he represented the United States in the 5000 meter run, but for the unassuming way he receives his plaudits. Louis has never complained, about the many unfair decisions that have been awarded to him from time to time, but has a just reason to complain about the way the "Great" Olympic Committee has recently sent him his certificate, in the 5000 meter finals held in July at Randall's Field, New York. Why? Well the committee had the nerve to send Louis a SECOND PLACE certificate. If my memory serves me right, the radio announcer, picked the Torrance lad as the winner, giving him the honor of talking over the network (all first place winners were given this honor) but no, a few minutes later the officials decided Don Lash as winner. A great howl went up in the grandstand, but the decision stood, until pictures were shown in New York theatres, late that night. After having a glimpse of the finish in pictures the judges decided to call the finish a tie, thus giving Don Lash and Louis Zamperini a tie for first place in the 5000 meter American Olympic finals. Every newspaper in the United States ran the results as a tie. This writer has talked to several of the competing athletes of the Pacific Coast and they are all of the opinion that Zamperini won by at least TWO inches.

Louis made the trip to Europe, beating Don Lash in the Olympic finals and also in the United States-British Empire track and field meet. Louis returned home after a successful tour of several European cities. But last week received his certificate from New York for the 5000 meter finals. A SECOND PLACE certificate. This is the most unfair and unjust award that this writer has ever heard of in track and field meets. As long as the committee was only giving certificates and NOT MEDALS, why did they have to send the local boy a second place certificate, when he really should of had a certificate of a TIE FOR FIRST PLACE?

Has not the Olympic committee had their fun (if you choose to call it that) with Eleanor Holm Jarrett and Jesse Owens? Why pick on Louis Zamperini. Go ahead Louis and make your complaint, and every track fall in Southern California will back you to the limit.

#### Local Football Seasons Starts Tomorrow

Bernie Donahue's "Fighting Tartars" will have their first game of the 1936 season. Jordan high of Watts will furnish the opposition, and should give the local boys a run for their money. You will recall that the Tartars have won the last two years from the colored stars of Watts, and will try and repeat again this year. According to information recently received from the campus of the local school, they will have an all-metal score board to present to the paid fans by the time of the first league game in October. Along with the promised public address system, it looks as though Torrance high will really go places this year... providing the football teams does the same.

#### Scooped Big Papers' By A Full Mouth!!!

Four weeks ago this writer made the announcement that LeRoy Kirkpatrick, great prep hurdler would attend the University of Southern California. Last Sunday the Los Angeles daily newspapers made a front page (sport section) story of the announcement... So road your (Continued on page 8-B)

### Forest Fires Destroy Game

Fires probably destroy more forest game and fish, directly and indirectly, than guns of all the hunters and hooks of all the anglers. Thus does the United States Forest Service summarize the toll levied on wildlife by forest fires, 90 percent of which are caused by users of woodlands and are largely preventable.

Reports of game experts tell of natural breeding places of birds and animals, the nests, eggs, and even the young destroyed by fires. The cool waters of woodland streams, in which so many game fish are found, become too warm when the forest cover is destroyed. Trees tend to keep cool the stratum of air overlying the water and prevent the stream bed and surrounding ground from absorbing the heat of the sun during the day. Furthermore, the lye in wood ashes dissolved in the streams destroys the aquatic life upon which fish feed.

Forest fires eventually affect the floor of lakes and streams as much as the forest floor. There is less control of run-off water when the forest cover disappears, so that water levels rise and fall more rapidly. Both tend to destroy the aquatic plants and smaller animals on which fish depend for food.

### Fourteen Innings Of Stellar Baseball Played Sunday Before 3500 Santa Barbara Fans

Drawn by the news that the champion semi-pro team of Southern California was coming to do battle against their home boys, 3500 Santa Barbara baseball fans turned out Sunday afternoon to watch the Lomita Merchants do their stuff.

And how they did it. Walt Morris's boys won, 6-2, but only after 14 innings of the kind of baseball that the fans dream about. In the entire 14 frames only four errors were made, each team contributing two.

Not a run was made up to the fifth. Lomita got a man on in the second and fourth but no scores. Santa Barbara got a man on in the fourth but was unable to score.

In the fifth, Hamilton singled but was forced at second by Eppley. Palica was out, second to first. J. Venable doubled to right field, scoring Eppley. League was out to first unassisted.

In the sixth, Santa Barbara found Hamilton for three hits and two runs flashed over the pan. The Merchants picked up two hits off Aldrich, in each of the next frames but died on base.

In the eighth Weddle grounded out, short to first. Shelby Venable doubled to center against the scoreboard and took third on Markham's single. Correll sent one down the alley to short and was tossed out. Hamilton came up for his second hit and put over the run that tied the score.

The Merchants threatened again in the ninth but the Saints cut them off. Aldrich, who replaced Sampson in the seventh, tightened up for the next four frames but cracked in the 14th.

Palica grounded out and it looked as if the game was due to be called on account of darkness. Joe Venable started the parade with a hot single, his fourth hit of the day, and went to second on League's bunt which Aldrich snatched up for the toss to first. Weddle singled to right scoring Venable. Shelby Venable drew a pass and Markham drove a screamer past third putting Weddle on that corner and Shelby on second. Correll caught one right on the nose for a long fly to right center field that chased Weddle and Venable home and put him on third. Hamilton ended the inning with a fly to left.

Santa Barbara scored its only runs in the sixth on a double by Sampson, an error by Weddle who juggled Coredeo's hard grounder, and Arellanes's single which let Sampson cross the plate and put Coredeo on third. Cuevas hit to third and Markham threw him out at first. Venable whipped the ball back to Markham in time to nip Arellanes in a dazzling double play, but Coredeo had hit out

for home with the Saints' second run. Fearnbacher singled but Robles flied out to Correll in left, ending the inning.

Hamilton had the Saints well in hand from start to finish, allowing only eight hits and one pass for the 14 innings while the Merchants gathered six off Sampson and one walk, and ten hits and two walks off Aldrich.

While the Merchants had the best of it in the hitting line the Saints were dangerous all the way and only some superb fielding saved the game for the visitors several times. Palica cut off a rally by making an almost impossible catch in the 12th stanza, and Correll made two one-hand stabs at fly balls in left that cut off runs. Markham at third and Weddle at short made the infield invincible. Benny had four outs and three assists to his credit at third and Weddle four and six at short. Morris at second made one putout and two assists. Cuevas at second for the Saints was credited with five outs and seven assists.

Next Sunday the Merchants will again play on their home grounds at the Torrance park, meeting the Los Angeles Colored Giants for about the umpteenth time. The Giants have won most of these games but Morris still has hopes of taking them.

Box score:

LOMITA MERCHANTS			
	AB	R	H
Palica, cf.	6	0	1
J. Venable, 2b-lf.	6	1	4
League, c.	7	0	0
Weddle, ss.	6	1	2
S. Venable, 1b.	6	2	3
Markham, 3b.	7	1	2

Summary: Three base hits—Correll. Two-base hits—Morris, S. Venable, J. Venable, Coredeo. Sacrifice hit—Palica. Bases on Balls—Off Hamilton, 1; off Sampson, 1; off Aldrich, 2. Struck out—By Hamilton, 2; by

### High Gear Road To Big Pines Is Now Open

A new high-gear road to Big Pines, Los Angeles county's principal mountain playground at the eastern edge of the county, in the San Gabriel-Sierra Madre range, has been officially opened to traffic following its dedication by Governor Frank Merriam and a group of county and state officials Friday.

The new section of road, approximately five miles long, will make Big Pines a drive as popular as that to Arrowhead, county officials predicted, and the 12 miles greater distance to Big Pines will be offset considerably by the new high-gear road. Maximum grade is 6 percent, curves are on a radius of not less than 1000 feet, and the second and low-gear pull for the last seven miles has been eliminated, engineers explained.

Big Pines now is preparing for its annual winter skating season. Two large rinks were built more than a year ago with the aid of WPA funds and while one is in use the other is flooded. Temperatures usually get down sufficiently during November to freeze the water sufficiently for skating on the new rinks, with an area of several hundred square feet.

Skating will be a favorite sport as soon as the first hard snow covers the pine-covered hillsides. There is a small ski-jump within a block of the memorial arch and there are many good hill-sides to race down during the winter months. The winter season is climaxed by the annual winter sports carnival late in February of each year when nationally known skiers compete from the great master ski-jump from which the longest jump on record has been made. Skiers using the master jump must reach a speed of approximately 80 miles an hour in order to reach the sloping portion of the hill more than 150 feet ahead of them, which breaks their fall as they descend.

### Redondo Boy Slightly Hurt

Mrs. Alice Helkey, 110 South Lucia, who had as passengers her two-year-old son and Leonard Robinson, 14, 630 Vincent Road, all of Redondo Beach, were treated at the Jared Sidney Torrance Memorial hospital Saturday for slight injuries received in an auto collision, with a machine driven by Mr. Morton, employee of a Los Angeles newspaper. Young Robinson received a cut on his arm. Mrs. Helkey and her son were not injured other than bruises. The accident occurred in the downtown district of Torrance.

Sampson, 1; by Aldrich, 2. Hit by pitched ball—Arellanes. Stolen bases—Hamilton, Venable, Morris. Double plays—Markham to Venable to Markham; Cuevas to Arellanes to Coredeo, 2.
